

**Humboldt County Department of Health and
Human Services
Deficiency Progress Report 3**

Prepared by Cal/EPA based on information submitted by the CUPA.

Evaluation Date: August 16, 2005

State Evaluation Team

Cal/EPA Evaluator Tina Gonzales

1. **Deficiency:** The CUPA is not implementing and enforcing the requirements of the business plan program for all regulated businesses. The CUPA is not regulating farms that are subject to the business plan program.

CUPA Corrective Action (June 6, 2006): We [Humboldt County CUPA] have not made any progress on the regulation of farms in Humboldt County. The Agricultural Commissioner has been on a long-term medical leave. Upon her return, we [Humboldt County CUPA] would like to meet with her and come up with a mutually acceptable plan for bringing farms into compliance with our programs.

CUPA Corrective Action (September 13, 2006): Please see the attached draft memo to the Acting County Ag Commissioner. The memo provides the Acting Ag Commissioner with the opportunity to implement and meet the regulatory standards for hazardous materials/waste. If the Commissioner opts out, then the CUPA may require the farms, mostly dairies, to submit and implement a Hazardous Materials Business Plan for their hazardous materials and waste, pay fees, and be subject to inspection.

CUPA Corrective Action (December 21, 2006): The CUPA submitted a draft Agreement between the Agricultural Commissioner and the Humboldt County CUPA. The CUPA is working on procedures, a letter from the Commissioner to the farms, and a form for the collection of facility/inventory information.

On January 5, 2007, the CUPA submitted a revised Agreement between Humboldt County and the County Agricultural Commissioner.
